To: Keizer Urban Renewal Board
From: Nate Brown, Community Development Director
Subject: September 24th Meeting Cancellation
Date: September 15, 2003

First, let me say how excited I am to be the new Community Development Director for the City. Keizer has a well deserved reputation of being a great place to work and live. I'm finding that there are a lot of great things happening and in the works. This is a great opportunity and I couldn't be more excited to "plug into" this positive community.

We have reviewed the tape of the last meeting to make sure what was on tap for this next meeting. At the end of that last meeting, Board members were asked to individually review the "Keizer 21st Century Renewal Strategy" so that each member would be familiar with that document as we begin the River Road Corridor Master Planning project. We have our first meeting with the consultant on that project on Monday, September 29 and will then have more to share with the Board after that point.

There has been no development applications submitted for the Board to review, therefore, in the best interest of everyone's time, we feel it would be wise to cancel the meeting scheduled for September 24th. Then in October we should have some meaningful information to discuss.

I look forward to working with you in this and many other projects.
