Letter of Support: Willamette River Initiative Study Request

Dear Mr. Bastasch:

The Keizer Bicycle Advisory (KBAC) is in full support of the Willamette River Initiative to request for a study from the National Park Service on a multi-use pathway on the Willamette River from Albany-Salem-Keizer.

The KBAC has had several positive discussions over the past three years on a multi-use path from Salem through Keizer to Willamette Mission State Park. The KBAC feels that this mutli-use path would serve both the commuting and recreational cyclist, as well as other users. The path would show off our beautiful Willamette greenway

Respectfully yours,

Hersch Sangster

Hersch Sangster - Chair -Keizer Bicycle Advisory Committee
