I. Summary

In January 2023, the City began the process to develop a strategic plan to guide the organization in serving the community over the next five years. After receiving feedback from the City Council, City staff and the community, the initial draft of the plan is ready for review.

Specifically, we are requesting that you review the document and consider the following questions:

- Do the organizational mission, vision, and values resonate and reflect where the organization should go in the next five years?
- Do I see the work of this committee reflected in the strategic plan goals and actions?
- What needs to be changed, improved or better clarified?
- Are there any items missing from the action plan?

The draft Keizer Strategic Plan is included in the agenda packet, but also feel free to review the plan at www.keizer.org/stratgicPlan and share your comments at <https://www.surveymonkey.com/r/T5DHWDL> by Friday, January 26, 2024.

Dear Keizer community member,

In January 2023, the City began the process to develop our strategic plan to guide the organization in serving the community over the next five years. And now, after a year of engagement, is the opportunity to share your feedback to make sure we got it right!

Please review the draft Keizer Strategic Plan at www.keizer.org/StrategicPlan and share your comments at <https://www.surveymonkey.com/r/T5DHWDL> by Friday, January 26.

Over the past year, we have engaged with community members, City Council, and City staff to gather valuable input on the opportunities, challenges, and priorities the City should address between 2024-2029. The engagement included interviews with community leaders, an online survey for community and staff members, presentations at community organization meetings, promotion at community events, two City Council work sessions, and two City staff workshops.

We received thousands of comments from community members and City staff with ideas and priorities for the City of Keizer, including community growth, economic development, public safety, transportation and mobility, community engagement, and an efficient government. We explored the ideas in detail with staff, categorized the ideas into goal areas, and developed specific action items designed to achieve each goal.

We presented the strategic plan framework to City Council on September 18th and further refined the strategic plan to align with community priorities. The resulting draft strategic plan aims to align organizational resources, citywide initiatives, and Council Goals to achieve community priorities over the next five years.

But, did we get it right? Before we move forward, we want to share the draft strategic plan with you and get your feedback so we can incorporate it into the final version that will go before City Council for adoption. Please take a moment to review the plan and consider the following questions:

- Do the organizational mission, vision, and values resonate with me and reflect where I think the organization should go in the next five years?
- Do I see my work and the work of my department reflected in the strategic plan goals and actions?
- What needs to be changed or improved?
- Are there any actions missing from this list?

Thank you for sharing your feedback with us!

Thank you,

A Message from the Strategic Planning Team

In Keizer, community is a way of life, where the values of pride, spirit, and volunteerism are deeply rooted and foster the small-town atmosphere that shapes the distinct community identity. Since the incorporation of the City in 1982, Keizer has been a place where residents give back in a variety of ways to make the community better for all. We celebrate a strong tradition of showing up to solve challenges and maintaining institutions to sustain the things we value.

The population in Keizer has grown nearly 10 percent in the last decade. We are seeing more people move to Keizer, new businesses setting up shop, and greater diversity within our community. With growth comes change, but also the opportunity to chart our own course for the future. We are at a critical juncture as we consider how we want to grow as a community: opportunities for housing, our local economy, and community amenities all play an important role in how we safeguard the characteristics that make Keizer a unique and a desirable place to live, work, and play.

The reality is we are a small town experiencing growing pains. We have a strong and capable City government organization equipped to serve the community, but the continued growth paired with increasing costs of services outpacing limited revenues challenges the City's ability to maintain services at the level our residents have come to expect. There are many priorities in our community and in order to serve our community to best of our ability, we need to take a strategic approach in our work plans to understand, prioritize, and appropriately resource the issues and needs most important to our residents and organization.

To address these challenges, the City embarked on the development a five-year strategic plan for the organization to align our work with our organization's purpose and vision for the future. Over the past year, we have engaged hundreds of community members through in-person events, an online survey, and interviews to gather their priorities, concerns, and suggestions for the next five years. We also engaged with nearly every staff member in the City to understand their needs and ideas to strengthen and equip the organization with the tools and resources needed to provide the best services possible to residents. We are immensely grateful to everyone who shared their ideas with us for the future of Keizer. This input directly influenced the development of the strategic plan, including the organization's mission, vision, values, goals, and supporting actions that will bring the goals to life.

This plan will be used as a roadmap to guide our organization's day-to-day and long-term decision-making, delivery of services to the community, and partnerships with community organizations to advance our shared goals and vision for the future. We will regularly communicate our progress and commit to annually updating this plan to maintain responsiveness and relevance to community priorities. Thank you for joining us in this process. We are grateful to our supportive and engaged residents, businesses, and organizations. We simply couldn't do it without you. Let the journey begin!

Introduction

In January 2023, the City of Keizer began the process to develop a strategic plan to guide the organization in the delivery of services to the community over the next five years. The strategic plan includes the organization’s mission, vision, and values, as well as defined goals with supporting actions to drive the organization forward in alignment with the community-wide values, needs, and priorities as well as internal organizational needs. The strategic plan is a useful tool to guide the organization and Governing Body in aligning the allocation of resources with their long-term vision and strategic goals during the annual budget process.

As Keizer’s population continues to grow and change, City leadership saw an opportunity to pause and reflect on how the community has been successful in recent history and consider opportunities on the horizon to ensure Keizer remains a wonderful place to live, work, learn, and play for years to come.

The strategic planning process included the City Council, City organization, and community members in the development of shared goals, an action plan, and implementation structure to bring the plan to life. The process built on the City’s previous goal setting and planning work to develop a clear mission, five-year vision, values to guide the organization in achieving the vision and supporting the mission, and six goal focus areas. As a result, the process supported the development of a cohesive team amongst the organization and Council aligned around the shared five-year goals.

The strategic plan includes an action plan with strategies to advance the goals. Each strategy includes a project lead and timeline for implementation to inform the allocation of resources and staff capacity. As the organization implements the strategies, project teams will identify success measures to track and communicate progress with staff, City Council, and the community. The strategic plan is designed to be updated on a regular basis to ensure goals and actions remain aligned with organization and community priorities and needs.

The City of Keizer values our community and is committed to providing responsive and quality services to all. The strategic planning effort has provided the opportunity to come together to assess the needs of our community and organization and determine our direction and priorities for the next five years. As the City shifts to a culture of strategic management, the strategic plan will guide both long-term planning as well as daily decisions concerning the future of the community, delivery of services, and organizational alignment.

Goals + Process

Strategic Planning Goals

The strategic planning effort set out to achieve the following goals:

- Develop a clear mission and five-year vision for the organization,
- Identify the values that will guide the organization in achieving the vision and supporting the mission,
- Build a cohesive team amongst the organization and Council that is aligned around shared five-year goals, and
- Conduct inclusive community engagement to inform the development of the plan and build support for implementation.

Strategic Planning Process

Inclusive community engagement served as a guiding principle to develop the strategic plan to ensure the resulting organization mission, vision, values, and goals reflect the needs and priorities of the community over the next five years. The strategic planning process included a variety of engagement opportunities with community leaders, business community, education community, residents, City Council, and staff to collect input from as many perspectives as possible. When a strategic plan is developed with an engaged and supportive team, it strengthens operations and ensures teams are working toward common goals.

Rooted in inclusivity and transparency, the strategic planning process was organized into three phases:

Community Engagement

Strategic Plan Development

Review + Adoption

Phase 1: Communication and Engagement

The purpose of Phase 1 is to engage and connect with the Keizer community and organization to gather thoughts and ideas about needs and priorities from multiple perspectives to inform the organization’s mission, vision, values, and goal focus areas.

To support the strategic planning project goals, the City assembled the strategic planning team, comprised of eleven staff members from across the organization to represent all departments to guide and inform the development of the strategic plan. The strategic planning team supported the overarching project goals as well as the following goals specific to the engagement process:

- Engage stakeholders to develop a five-year strategic plan that will guide the City of Keizer,
- Create project awareness across the community and organization, and
- Facilitate inclusive outreach opportunities to ensure the vision and values are reflective of Keizer.

The project team developed a communications and engagement strategy outlining how the communication and engagement would support these goals, the various stakeholder groups who will play a role in the process and a description of their role, effective ways to engage and foster relationships with stakeholders, outreach tools and activities, and data management. Building on this strategy, the project team worked together to develop multiple tools and opportunities to engage the organization and community in the development of the strategic plan, including:

- Strategic Planning Council workshop
- Strategic Planning Leadership Team workshop
- Council interviews
- Community leader interviews
- Presentations and outreach to Boards and Commissions
- Online survey for staff and community members
- Project website
- Project fact sheet
- City Manager emails
- Press release
- Posters, flyers, and A-frames displayed at Civic Center and community events
- Utility bill insert (digital and mail)
- Social media

These engagement tools built awareness of the strategic plan process with the City Council, staff, and community members to explain why the City is developing a strategic plan, how it will be used, and how to get involved in the process. Additionally, the tools enabled the project team to collect input and ideas from a variety of staff perspectives to inform the purpose of the organization, where the organization should focus resources over the next five years, and how the work is carried out by the organization. The engagement process provided a variety of in-person and online opportunities for community members and staff provided input on needs, challenges, opportunities, and priorities for the City organization as well as the broader community.

Phase 3: Review + Adoption

The strategic planning team presented the draft strategic plan to the organization and community for review and comments in November. Staff were encouraged to consider how the mission, vision, and values resonated with them and if they saw their work and the work of their departments adequately reflected in the strategic plan action plan. Similarly, community members and City Council reviewed the plan to ensure the direction aligned with community needs and priorities.

Following the community and staff review period, the team incorporated the feedback collected into the revised draft strategic plan presented to City Council for adoption. The Council adopted the strategic plan on December 18, 2023.

Mission, Vision + Values

Mission

We provide excellent city services to support quality of life, safety, and community for all.

Vision

SERVICE – STEWARDSHIP – CONNECTION

We value and serve all people with excellent, high-quality services. As stewards of the community, we support a fiscally sustainable organization, well-managed infrastructure, a thriving economy and great neighborhoods. We are connected through strong engagement networks rooted in the community values of pride, spirit, and volunteerism.

Values

Be **R**ESPONSIBLE

Be **E**XCELLENT

Be **A**CCESSIBLE

Be **C**OMPASSIONATE

Be **H**ELPFUL

What is the difference between the Mission + the leadership philosophy?

The **mission** expresses the purpose of the City of Keizer organization. In essence, the mission answers the question, “Why do we exist?” The mission statement is owned by the City Council and city staff work under that direction to carry out the council’s intent.

Keizer’s **vision** describes the desired future state of the organization over the next five years. It is the aspirational statement describing how we want our organization to look, feel, and function in service to the Keizer community. The goals and action plan describe how we will achieve the vision.

The **leadership philosophy** is owned by staff and encompasses the City’s approach to empowering employees to achieve the mission. It describes how employees in the organization want to participate in the direction of the organization and under what circumstances they perform their best work.

KEIZER LEADERSHIP PHILOSOPHY

We strive to make Keizer a place where people want to work and live.

We work collaboratively to identify innovative solutions that have a sustainable and long-term benefit for the community.

We believe the best decisions are made when we trust each other to be flexible in developing solutions, sharing knowledge, being creative and communicating openly and clearly.

Our team encourages each other, promotes personal growth, and works hard with service to others as a focus.

We believe diversity, creativity, knowledge, adaptability, clear communication and open-mindedness are characteristics found throughout the organization that lead to success internally and externally.

Together we have a stake in the success of this organization, at all levels, because we are empowered to achieve positive outcomes for those we work with and serve.

VALUES

At the City of Keizer, our values are guiding principles that provide purpose and direction for employees to advance the mission and vision. The values were informed through the strategic plan outreach process and refined through additional outreach with City staff. The resulting values are a set of core beliefs and serve as the lens through which employees carry out their day-to-day work and foster a high-performing work culture where employees thrive and contribute to the shared success of the organization. In short, the Keizer team uses these values REACH strategic plan goals.

Be **R**esponsible

- Maintain and protect assets, especially as we grow
- Work hard to get the work done right
- Use our resources wisely
- Our stewardship of public resources promotes trust

Be **E**xcellent

- Responsive
- Consistent
- High-quality services
- Culture of learning and improvement

Be **A**ccessible

- Customer service
- Active engagement with community and internally with organization
- Connection between the community and the City + among depts
- Two-way flow of information and engagement on projects and initiatives
- Community is informed and feels their voice is valued in the process

Be **C**ompassionate

- Hometown pride
- Invested in community
- High morale
- Supportive environment
- Positive working relationships
- Employee wellness

Be **H**elpful

- Work effectively together
- Collaborate across departments to eliminate soloists and silos
- Have trust and respect for one another
- Act with kindness and respect

ACTION PLAN

The Action Plan contains the policies, programs, and projects the City of Keizer will implement to fulfill the organization’s mission and achieve the five-year vision and supporting goals.

What is an action?

The actions represent a policy, program, or project. The actions are organized by goal areas and support the overall organization mission and vision. The actions were informed directly by the ideas and priorities shared by community members and Keizer employees during the strategic plan outreach process.

The scope and timeline of the actions vary. Some actions are significant undertakings and will require multiple years to achieve, while others are smaller in nature and can be achieved in a shorter time frame. Regardless of size and scope, all actions play a critical role in improving the delivery of services to the community.

Who is responsible for implementing these actions?

The actions of the Strategic plan are internally focused with the Keizer organization responsible for implementing these actions. Each action will be assigned to a project lead and team of Keizer employees. While the City plays a critical role in achieving these actions, the organization, and ultimately the community, will be most successful through working together with community partners to implement the plan.

Plan Implementation

Following the Council’s adoption of the strategic plan, City staff will use input and direction from the Council to prioritize the actions for implementation based on staff capacity and available resources. City staff will identify leads for each action. These leads will be responsible for the following:

- Overseeing the implementation of the action
- Developing a project charter (will identify the project team, stakeholders, timeline, key performance indicators, etc.)
- Identifying resources for implementation
- Engaging and updating the Council, City organization, and community as needed
- Reporting progress, challenges, and opportunities to consider during implementation
- Recommending updates to the action if needed

Accountability Framework

The strategic plan aims to be a living document to guide the organization in delivering services to the community. The strategic plan directs both long-term projects as well as day-to-day operations. To remain relevant and responsive to community and organization needs, the following systems will be adopted to ensure City staff’s work is a direct reflection of the City Council’s strategic vision.

Budget Alignment System

Once the action leads have been assigned and the work has been prioritized, the actions prioritized for implementation will be considered in the annual budget development process. A new phase of the budget process will be added to specifically address the strategic plan. This will help in identifying resources and capacity to implement the action. On an ongoing basis, the budget process will include an annual review of strategic plan goals and action plans with a report on the successes and measurements of performance indicators.

Agenda Item System

Staff has already built in space on staff reports in anticipation of having strategic goals. Each staff report will address the relevance of that specific business item to the Council’s strategic plan. Those items with strategic impact will be written very specific about how it relates to the plan. Those items that have nothing to do with the plan will say “No strategic impact.”

Reporting System

As the City of Keizer shifts to a high-performance organization with a culture of strategic management, the organization aims to become a more efficient, effective, and transparent system of providing services to the community. The goals and actions within the strategic plan were a result of significant engagement with the community and organization to focus on the top priorities and needs. To promote ongoing transparency, responsiveness, and relevancy to the community and organization, the staff commit to the following:

- Identifying feasible and measurable key performance indicators (KPIs),
- Regular community engagement to gather feedback on Strategic Plan direction, and
- Comprehensive Strategic Plan update every five years

Goals

Promote a safe, healthy, and attractive community to preserve the quality of life for all

Develop and enhance transportation infrastructure to support a safe, mobile, and connected community

Align resources with financial and economic policies to support a thriving local economy

Improve communications and strengthen relationships within the community and organization to build trust, support decision making, and foster a welcoming community for all
