**7. Review of Arts
Commission Budget:
\$2,744.26 remaining**

- a. Budget is on page 6 of the Packet. The graffiti blocker coating on the art piece that was tagged at Keizer Rapids Park may need to be coated again because the graffiti removal was very slow-going for Parks staff.**
- The Commissioners were pleased with about half of the budget remaining while knowing that the installation of three box wraps would need to be paid.
- There was discussion on the art piece that was tagged at Keizer Rapids Park. Not all of the graffiti could be removed and the background to the artwork would need to be repainted before the anti-graffiti coating could be applied.
- Some of the Arts Commissioners plan on touching-up the paint during the summer. Commissioner Brisbin suggested the Superzilla cleaner because it had worked really good when she used it to remove graffiti. Deputy City Recorder Dawn Wilson would check with Public Works to see if they have extra anti-graffiti coating and paint. It was noted that Ron Christopher, Randy Miller, and Mark Callier applied the original coating on both the downtown murals and the mural at The Big Toy, and they usually re-apply the coating every three years.

Councilor Christopher would check with JW Smith, Ron Christopher, Randy Miller, and Mark Callier to apply the anti-graffiti coating again at no charge. James Lukinich was another resource who could apply the coating, but there would be a cost.

8. New Business

- a. Updating Master Plan ~ include Proposed Street Art Program to Allow Murals to be Painted on Pavement by Tammy Saldivar (attached is Rough Draft ~ Inviting Feedback from Members)?**
- KPAC members discussed the proposed Street Art Program to Allow Murals to be Painted on Pavement.
- Councilor Christopher shared that at the last meeting, City Manager Adam Brown requested that the plan be approved by Public Works to ensure that the plan meets all of the Public Works rules for public roadways. It was noted that KPAC was waiting to hear from Public Works. Once Public Works approves the plan, then it would be added to the Arts Commission Master Plan.
- All of the Commissioners like the plan and wanted to move forward. Since the Arts Commission were waiting to hear from Public Works, this discussion would continue at the next meeting.
- KPAC members requested that Deputy City Recorder Dawn Wilson reach out to Tammy Saldivar and ask where she was in working with Tammy Kunz on the Parks' Mural Proposal because it needed some refinement and didn't want it to be forgotten.

- b. **Holiday Card Contest ~ It was suggested for winners to have some cards that are blank inside for mailing to family/friends. (12 extra cards would cost approximately \$30)** It was suggested to have a paper with the Councilors' signatures placed inside the blank cards. Discussion ensued on having extra blank cards for the KPAC members to send out. It was noted that extra cards with Council signatures inside should be provided to each of the City Councilors.
- Councilor Lore Christopher moved to spend up to an additional \$50 for the purpose of printing blank cards for use by the artists and KPAC members as they see fit. Seconded by Deborah Sisco. Motion passed as follows: Christopher, Steen, Wood, Sisco, and Brisbin in favor with Thoreson absent and one open position.
- c. **Continue Discussion on number of artists annually, certain number of year for returning artists and possibly taking a year off, rotations of returning and new artists, and split-galleries.** This item was tabled to the next meeting so that Chair Thoreson could be involved in the discussion.

Please note: if the Arts Commission and the City Council rules and policies do not conform if changes are made, then a Motion is needed to recommend revising the attached documents (e.g. Council Ordinance and Resolution and the Keizer Public Arts Policies and Criteria.
